

# Folded Brochure, Front & Back

## What our CUSTOMERS Are Saying About Us:

"My computer was very sick and Friendly Computers exhibited extreme patience and persistence until they resolved the problem. My computer is up and running full blast due to their very capable problem-solving!"  
--Phoenix, AZ

"They answered all my questions that I had regarding a particular problem and they answered them in terms that I could understand. They have always been polite even under what I would consider very strenuous circumstances."  
--Las Vegas, NV

## Computer Problems?

ON-SITE HELP WITH  
ANY COMPUTER NEED

## Do you expect **FAST** & Expert Service?

Can Deliver!

## What does **YOUR** business need to thrive?

A reliable IT service to resolve your computer problems as quickly.

Not only will we fix your immediate issues, but our experienced technicians implement measures to reduce future problems. Our proactive approach helps your business to run smoothly, with less stress!

### Our clients enjoy:

- A secure network: Keeping their data safe from outside tampering is critical.
- Streamlined network design: Making your configuration as efficient as possible to minimize problems.
- Protection against the latest virus and spyware threats.
- Friendly and experienced technicians.
- A computer company that can handle ALL of their IT needs, including Web site design.

## Why use

### Because we offer:

#### • Speedy Service

With our FastTrack Service plan option, we guarantee that we will arrive within four hours of your call (Talk to a sales representative for details and restrictions).

#### • Reliable Service

Friendly Computers was founded in 1992. With over 60 locations, our clients know they will receive outstanding service at a great price.

#### • Friendly Service

We build relationships with our clients. You are not just an account number to us; we strive to personalize your service from the moment you call to set an appointment to the follow-up call you will receive after each visit. We care, and it shows!

#### • Smart Service

Our certified technicians are experienced, knowledgeable, and capable of handling your needs. All work performed is guaranteed for 30 days after the service call.

## Service Plans:

Every business has different needs when it comes to computers. We start off with one of our Service Plan templates, and then customize it to accommodate exactly what you need.

#### • Complete Support Package

Do you have systems that are over 3 years old? This plan allows you to replace all of your systems with new computers, without huge costs. We install new machines, and charge a reasonable fixed monthly rate per machine. This rate includes service to the machine as well. No more large surprise expenses with this plan!

#### • Hourly Support Agreements

Purchase a block of time for the entire year at discounted rates. We have starter packages for the small business owner with one to five computers, and plans that accommodate companies with 100 computers.

#### • Periodic Maintenance

Need an IT guy on a regular basis? We can provide service on a weekly, monthly or quarterly basis to minimize problems you may have in the future. This program is great for a business that needs regular computer care without the overhead of an employee. No more hassles!
