**Is Your Computer Sluggish?**

Have you been neglecting your PC maintenance lately?

**Maybe It's Time for a PC Tune-Up!**

A slow PC might be infected with a virus or spyware. Don't wait until you lose valuable data to call us!

**For only \$78\* you get:**

- A complete system security inspection
- Spyware/Virus Detection and Removal
- Overall System Optimization
- System Memory Check

**Don't Wait - Act Now!**

Your PC is like your car. Both need to be maintained for optimum performance.

Ideally, your computer should be checked over, cleaned out, and tuned up twice a year.
