

# Postcards

## Is Your Computer Sluggish?

Have you been neglecting your PC maintenance lately?

### Maybe It's Time for a PC Tune-Up!

A slow PC might be infected with a virus or spyware. Don't wait until you lose valuable data to call us!

For only **\$78\*** you get:

A complete system security inspection  
Spyware/Virus Detection and Removal  
Overall System Optimization  
System Memory Check

### Don't Wait - Act Now!

Your PC is like your car. Both need to be maintained for optimum performance. Ideally, your computer should be checked over, cleaned out, and tuned up twice a year.

\*\$78 is for Standard Tune-up. Costs may be higher if extensive repair is required.
